This is necessary for the construction of the public improvements and the development of the items within the CDD. The first part of the paper discusses the importance of understanding the local context in which a project is implemented. This includes a thorough analysis of the social, economic, and cultural factors that may influence the success or failure of the intervention. It is essential to engage with local stakeholders from the outset to ensure that the project is relevant and sustainable.

The second part of the paper explores the challenges of implementing a project in a resource-poor environment. Limited access to funding, skilled personnel, and infrastructure can significantly hinder progress. However, these challenges can be mitigated through creative problem-solving and the utilization of local resources and expertise.

The third part of the paper focuses on the importance of monitoring and evaluation (M&E) in assessing the impact of the project. A robust M&E system should be designed from the beginning to collect reliable data and provide timely feedback to inform decision-making. This process should be transparent and involve the community to ensure accountability.

The final part of the paper offers concluding thoughts and recommendations for future projects. It emphasizes the need for a holistic approach that considers the interconnectedness of various factors and the importance of building local capacity for long-term sustainability.

**Re: Transportation Development Agreement (Wyld Oaks) by and between the City of Apopka ("City") and Kelly Park VB Development, LLC ("KPVB") dated and recorded July 6, 2023 as Document No. 20230378715 in the Public Records of Orange County, Florida, as amended (the "TDA")**

Ladies and Gentlemen:

As you know, KPVB is named as Developer under the above-referenced TDA. Capitalized terms not otherwise defined in this letter have the meanings ascribed thereto in the TDA.

As you are aware, the Golden Gem Community Development District ("CDD") was established for the purpose of financing and managing the acquisition, construction, installation, maintenance and operation of the major infrastructure within and without the boundaries of the CDD. However, when the TDA was executed and recorded, the CDD had not yet been formed.

Pursuant to Section 4 of the TDA, the Developer is obligated to construct the Transportation Improvements defined in Recital F of the TDA. As you know, the CDD accepted assignment of the construction agreement and has been funding the construction of certain of those Transportation Improvements, consisting specifically of the Onsite Sadler Extension and the Effie Extension defined in clauses a and b, respectively, of Recital F, as well as related stormwater management facilities and improvements associated therewith, as described in clause e of Recital F (collectively, the "CDD-Funded Transportation Improvements").

The purpose of this letter is to acknowledge and agree that: (i) the CDD is paying the cost of the CDD-Funded Transportation Improvements, (ii) the transportation impact fee Credits to be awarded to the Developer under Section 6 of the TDA that are associated with the CDD-Funded Transportation Improvements are assignable by the Developer to the CDD, (iii) the Developer shall assign such Credits to the CDD when they are awarded by the City to the Developer, (iv) and CDD may assign such Credits in whole or in part to the same extent as Developer is permitted to do so under the TDA.

The City further agrees that the CDD shall have the same right as the Developer to seek cash reimbursement of funds for outstanding Credits that are assigned to the CDD, as permitted by Section 6(c) of the TDA, subject to the provisions of Section 6(d) and any other applicable provisions of the TDA.

If you are in agreement with the foregoing, please sign, date and circulate a scan of this letter to all parties in order to evidence same.

Your cooperation and assistance are appreciated.

Very truly yours,

**STORMWATER DRAINAGE EASEMENT AGREEMENT**

**THIS STORMWATER DRAINAGE EASEMENT AGREEMENT** (the “**Agreement**”) is made and entered into as of the \_\_\_\_ day of \_\_\_\_\_, 2025 (the “**Effective Date**”) by and between **KELLY PARK VB DEVELOPMENT, LLC**, a Delaware limited liability company qualified to do business in the State of Florida (“**KPVB**”), **GOLDEN GEM COMMUNITY DEVELOPMENT DISTRICT**, a local unit of special-purpose government established pursuant to Chapter 190, *Florida Statutes* (“**CDD**”) (together, KPVB and CDD are “**Grantor**”), and **LIT CADENCE WEST KELLY PHASE I, LLC**, a Delaware limited liability company (“**Grantee**”); and with Grantor and Grantee hereinafter sometimes referred to individually as a “**Party**” together as the “**Parties**”.

**WITNESSETH:**

**WHEREAS**, KPVB and the CDD are the owners of certain real property located in Orange County, Florida collectively described on **Exhibit “A”** attached hereto and by this reference made a part hereof (the “**Grantor Property**”); and

**WHEREAS**, Grantee is the owner of certain real property located in Orange County, Florida more particularly described on **Exhibit “B”** attached hereto and by this reference made a part hereof (the “**Grantee Property**”) (with the Grantor Property and the Grantee Property each being sometimes referred to as the “**Respective Property**”); and

**WHEREAS**, KPVB and the CDD have agreed to construct, operate and maintain certain stormwater retention ponds and associated facilities (collectively, the “**Stormwater Ponds**”) upon each of their respective portions of the Grantor Property more particularly described and depicted on **Exhibit “C”** attached hereto and by this reference made a part hereof (the “**Pond Easement Areas**”); and

**WHEREAS**, Grantee needs and desires to use a portion of the Stormwater Ponds to accommodate the flow and conveyance of stormwater discharge from the Grantee Property into the Stormwater Ponds, and Grantor is willing to grant to Grantee, its successors and assigns, and for the benefit of the Grantee Property, a non-exclusive stormwater drainage easement for the transmission and discharge of stormwater from the Grantee Property to the Stormwater Ponds, all pursuant to the terms and conditions more particularly set forth hereinbelow.

**NOW, THEREFORE**, for and in consideration of the premises, easements, covenants, conditions and restrictions contained herein, the sufficiency and receipt of which are hereby acknowledged, Grantor and Grantee do hereby agree as follows:

1. **Incorporation of Recitals.** The foregoing recitals are hereby incorporated into this Agreement by this reference as if fully set forth herein.

2. Stormwater Drainage Easement. Grantor hereby grants to Grantee, and Grantee's agents, contractors, tenants, licensees, lessees, guests, invitees, grantees, employees, representatives, and its successors and assigns, for the use and benefit of the Grantee Property and effective upon the completion of construction of the Stormwater Ponds, the Grantee's Transmission Line (defined below), the Northern Transmission Line (defined below), and the Western Transmission Lines (defined below), a perpetual, non-exclusive easement on, into, upon, over, across and through the Pond Easement Areas for the transmission, discharge, conveyance, retention, detention, storage and treatment of surface water and stormwater from the Grantee Property in the amount of, and not to exceed, twenty and three hundred sixty five thousandths (20.365) acre/feet of runoff in the 100 year storm into SWM-1 (shown on Exhibit C-1) and seven and three hundredths (7.03) acre/feet into SWM-3 (shown on Exhibit C-2) ("**Grantee's Capacity**"), through the Northern Transmission Line as shown on Exhibit C-1 and described on Exhibit C-3, and the Western Transmission Lines as shown on Exhibit C-2 to and described on Exhibit C-4. Both are located into the Stormwater Ponds located on and within the Pond Easement Areas (the "**Drainage Easement**").

Notwithstanding anything to the contrary set forth herein, KPVB or CDD, as applicable, shall retain the right to relocate, reconfigure, expand or modify the Stormwater Ponds, the Northern Transmission Line, the Western Transmission Lines, and/or the Pond Easement Areas to accommodate future development or use of the Grantor Property (a "**Pond Modification**"), so long as: (i) Grantee is provided not less than thirty (30) days prior written notice of a Pond Modification; and (ii) Grantee's drainage rights are maintained at all times during such Pond Modification and such Pond Modification fully accommodates Grantee's Capacity of stormwater discharge as provided in this Section 2. Any such Pond Modification shall be at the sole cost, liability and expense of KPVB or CDD, as applicable, and such Pond Modification shall comply with all applicable laws, rules, permits, codes and regulations. In the event a Pond Modification has the effect of modifying the legal description of the Pond Easement Area(s), KPVB or CDD, as applicable, shall record a supplement to this Agreement executed by KPVB or CDD, as applicable, reflecting and providing for the amended or modified Pond Easement Area(s).

KPVB and the CDD shall be responsible, at Grantee's expense, for the construction and installation of the following improvements located on each of their respective properties on the Grantor Property: (x) the underground stormwater transmission and conveyance line and associated structures and facilities located within the right-of-way of Sadler Road required to transmit and convey stormwater from the Grantee Property to the northern Stormwater Pond and the underground stormwater transmission and conveyance line and associated structures and facilities required to transmit and convey stormwater from the Grantee Property to the southwest Stormwater Pond (collectively, the "**Grantee's Transmission Line**"); and (y) the underground stormwater transmission and conveyance line and associated structures and facilities located on the Grantor Property (and within the Pond Easement Areas) required to transmit and convey stormwater from the Grantee's Transmission Line to the northern Stormwater Pond (the "**Northern Transmission Line**"); and (z) the underground stormwater transmission and conveyance line and associated structures and facilities located on the Grantor Property (and within the Pond Easement Areas) required to transmit and convey stormwater from the Grantee's Transmission Line to the southwest Stormwater Pond (the "**Western Transmission Lines**"). Upon the completion of the Grantee's Transmission Line and the connection thereof to the Northern Transmission Line and the Western Transmission Lines, Grantor shall convey the Grantee's Transmission Line to Grantee and thereafter the ownership, operation, maintenance, repair, reconstruction and replacement of the Grantee's Transmission Line shall, except with respect to a Pond Modification which adversely affects Grantee's development of the Grantee Property, be the responsibility of Grantee at its sole cost and expense. Upon the completion of the Northern Transmission Line, the Western Transmission Lines, and the connection thereof to the Stormwater Ponds, thereafter the ownership, operation, maintenance, repair, reconstruction and replacement of the Northern Transmission Line and Western Transmission Lines shall be the responsibility of Grantor and, except with respect to a Pond Modification that adversely affects Grantee's development of the Grantee Property, Grantee shall reimburse Grantor for the reasonable out-of-pocket costs thereof so

long as Grantee has provided prior written approval for such costs to be incurred by Grantor (such approval not to be unreasonably withheld, conditioned, or delayed); provided that Grantee's prior written approval shall not be required for Grantor's out-of-pocket costs related to ordinary maintenance and repair of the Northern Transmission Line, the Western Transmission Lines, or other such out-of-pocket costs incurred by Grantor that are required by law or emergency; provided, further, that Grantor shall be responsible for any such costs and expenses arising from the gross negligence or willful misconduct of Grantor.

3. Maintenance. KPVB and CDD shall be responsible for the construction, operation, maintenance, repair, reconstruction, and replacement of the Stormwater Ponds, the Western Transmission Lines, and the Northern Transmission Line (together, the "**Stormwater Facilities**") located on each of their respective portions of property located on the Grantor Property. The Stormwater Facilities shall be constructed, operated, maintained, repaired, reconstructed and replaced in accordance with the requirements of Permit No. 189591-3 (the "**Permit**") and the rules of the St. Johns River Water Management District (the "**District**," which term shall include that body as presently constituted and any successor agency or instrumentality). Grantee shall be responsible for the operation, maintenance, repair, reconstruction, and replacement of the Grantee's Transmission Line in accordance with the requirements of the Permit and the rules of the District.

4. Use of Drainage Easement. The right of Grantee to utilize the Drainage Easement granted herein and to discharge stormwater outfall through and into the Stormwater Facilities is hereby expressly made subject to the terms, conditions, limitations and requirements of this Agreement, the Permit and the District. The Permit sets forth (and the design, construction and operation of the Stormwater Facilities contemplates) the amount of pervious and impervious areas, permitted improved areas and water quality and maximum volumes for stormwater outfall from the Grantee Property into the Stormwater Facilities. Accordingly, the Grantee Property shall be developed and improved consistent with the requirements of this Agreement, the Permit and the District and shall at all times comply with the terms and requirements of this Agreement, the Permit and the District, including, without limitation, those pertaining to the quality, quantity and rate of flow of stormwater drainage discharged from the Grantee Property into and through the Stormwater Facilities.

Neither Grantor nor Grantee shall discharge (or permit or suffer the discharge of) any oils, petroleum products, or hazardous materials, wastes or substances (collectively, "**Hazardous Materials**") into the Stormwater Facilities. The Parties shall indemnify, and hold harmless each other, and their respective principals, shareholders, members, partners, officers, directors, employees, contractors and agents, from and against any and all liability, damages, causes of action, suits, claims, fines, penalties judgments, awards, expenses and costs (including but not limited to the reasonable fees and costs of attorneys and consultants, whether incurred before or at trial, at all appellate levels, in bankruptcy, and in any collection, dispute resolution or administrative proceeding) arising from or in any manner related to the discharge or alleged discharge of any Hazardous Materials from the indemnifying Party's Respective Property into the Stormwater Facilities for any reason whatsoever. Notwithstanding the foregoing, the Parties acknowledge and agree that the Stormwater Pond also will receive and hold stormwater drainage from Sadler Road (and the Sadler Road public right-of-way) and from Effie Drive (and the Effie Drive public right-of-way) (collectively, the "**Public Stormwater**"); accordingly, the Parties specifically acknowledge and agree that the foregoing indemnity and hold harmless obligations of the Parties shall not relate or apply to any liability, damages, causes of action, suits, claims, fines, penalties judgments, awards, expenses and costs (including but not limited to the reasonable fees and costs of attorneys and consultants, whether incurred before or at trial, at all appellate levels, in bankruptcy, and in any collection, dispute resolution or administrative proceeding), arising from or in any manner related to the discharge or alleged discharge of any Hazardous Materials from, contained in, or conveyed by or through any Public Stormwater. Notwithstanding anything herein to the contrary, Grantee agrees that nothing contained in this

Agreement shall constitute or be construed as a waiver of the CDD's limitations on liability set forth in Section 768.28, Florida Statutes, and other applicable law.

Grantee hereby specifically acknowledges and agrees that the Drainage Easement granted herein shall be non-exclusive, and Grantor shall be entitled to use and maintain the Pond Easement Areas in any manner that does not unreasonably interfere with Grantee's use of the Drainage Easement as provided herein.

5. Expenses. Notwithstanding Grantor's obligation to maintain the Stormwater Facilities as outlined hereinabove, the parties have agreed to the following:

5.1 CDD shall invoice Grantee, on an annual basis (in approximately the beginning of the calendar fourth quarter), based on (i) Grantee's pro-rata share of the costs of maintenance, operation, repair, reconstruction and replacement of the southwest Stormwater Pond, and (ii) Grantee's one hundred percent (100%) share of the costs of maintenance, operation, repair, reconstruction and replacement of the Western Transmission Lines (collectively, the "**CDD Maintenance Costs**"), as reflected in an annual budget (the "**CDD Expenses**"). Such costs shall include, without limitation, costs associated with or allocable to ad valorem real property taxes or to premiums for any insurance maintained by the CDD with respect to the Stormwater Facilities and Pond Easement Areas. The budget may include reasonable reserves for expenses that do not recur each year. The CDD Expenses shall be equal to (x) six and seventy-five hundredths percent (6.75%) of such annual budget allocable to the southwest Stormwater Pond, and (y) one hundred percent (100%) of such annual budget allocable to the Western Transmission Lines (the "**Grantee Share (CDD)**"). The CDD also shall have the right to update the budget from time-to-time to provide for additional assessments in the event the CDD Maintenance Costs exceed the annual budget, which may be included in any CDD Expenses on a pro-rata basis as set forth above. In the event of a Pond Modification that results in an increase or decrease in the proportionate share of the capacity of the modified southwest Stormwater Pond allocated to and used by the Grantee Property, the Grantee Share (CDD) shall be adjusted to reflect the proportionate share of such modified capacity allocated to and used by the Grantee Property.

Grantee shall pay the CDD Expenses to the CDD within thirty (30) days of Grantee's receipt of an invoice (together with reasonable documentation confirming all such expenses incurred in connection with such maintenance, repair or replacement of the Stormwater Facilities). Any dispute or challenge to an invoice shall be promptly resolved between the CDD and Grantee. Subject to resolution of all invoice-related disputes or challenges, if any CDD Expenses is not paid within thirty (30) days of the date when due, then such CDD Expenses shall become delinquent and the delinquent CDD Expenses, together with interest thereon at the rate of twelve percent (12%) per annum and the cost of collection thereof, shall be secured by a continuing lien on the Grantee Property and improvements located thereon with respect to which the CDD Expenses accrued. Such lien shall be prior to all other liens hereinafter created except taxes or assessments levied by governmental authority and except as to the lien of any institutional first mortgage. The CDD may bring an action at law for collection against the owner personally obligated to pay a delinquent CDD Expenses and/or to foreclose the lien against the Grantee Property and improvements, in the same manner as foreclosure of a mortgage on real estate under Florida law, and there shall be added to the amount of such CDD Expenses the aforesaid interest, late charges, if any, costs of collection and court costs, and reasonable attorneys' and paralegals' fees and costs, including court costs and attorney's fees prior to trial and upon appeal, and the said costs of collection shall be recoverable whether or not suit be brought. The remedies of the CDD hereunder shall be cumulative and in addition to all other rights and remedies which the CDD may have by law.

5.2 KPVB shall assess Grantee, on a calendar quarterly basis, based on (i) Grantee's pro-rata share of the costs of maintenance, operation, repair, reconstruction and replacement of the northern Stormwater Pond, and (ii) Grantee's one hundred percent (100%) share of the costs of maintenance,

operation, repair, reconstruction and replacement of the Northern Transmission Line (collectively, the “**KPVB Maintenance Costs**”), as reflected in an annual budget (the “**KPVB Assessment**”). Such costs shall include, without limitation, costs associated with or allocable to ad valorem real property taxes or to premiums for any insurance maintained by Grantor with respect to the Stormwater Facilities and Pond Easement Areas. The budget may include reasonable reserves for expenses that do not recur each year. The KPVB Assessment shall be equal to (x) seventy-two percent (72%) of such annual budget allocable to the northern Stormwater Pond, and (y) one hundred percent (100%) of such annual budget allocable to the Northern Transmission Line (the “**Grantee Share (KPVB)**”). KPVB also shall have the right to update the budget from time-to-time to provide for additional assessments in the event the KPVB Maintenance Costs exceed the annual budget, which may be included in any KPVB Assessment on a pro-rata basis as set forth above. In the event of a Pond Modification that results in an increase or decrease in the proportionate share of the capacity of the modified Stormwater Pond allocated to and used by the Grantee Property, the Grantee Share (KPVB) shall be adjusted to reflect the proportionate share of such modified capacity allocated to and used by the Grantee Property.

Grantee shall pay the KPVB Assessment to KPVB within thirty (30) days of Grantee’s receipt of an invoice (together with reasonable documentation confirming all such expenses incurred in connection with such maintenance, repair or replacement of the Stormwater Facilities). Any dispute or challenge to an invoice shall be promptly resolved between KPVB and Grantee. Subject to resolution of all invoice-related disputes or challenges, if any KPVB Assessment is not paid within thirty (30) days of the date when due, then such KPVB Assessment shall become delinquent and the delinquent KPVB Assessment, together with interest thereon at the rate of twelve percent (12%) per annum and the cost of collection thereof, shall be secured by a continuing lien on the Grantee Property and improvements located thereon with respect to which the KPVB Assessment accrued. Such lien shall be prior to all other liens hereinafter created except taxes or assessments levied by governmental authority and except as to the lien of any institutional first mortgage. KPVB may bring an action at law for collection against the owner personally obligated to pay a delinquent Assessment and/or to foreclose the lien against the Grantee Property and improvements, in the same manner as foreclosure of a mortgage on real estate under Florida law, and there shall be added to the amount of such KPVB Assessment the aforesaid interest, late charges, if any, costs of collection and court costs, and reasonable attorneys’ and paralegals’ fees and costs, including court costs and attorney’s fees prior to trial and upon appeal, and the said costs of collection shall be recoverable whether or not suit be brought. The remedies of KPVB hereunder shall be cumulative and in addition to all other rights and remedies which KPVB may have by law

6. Failure to Maintain. In the event Grantor fails to maintain or repair any portion of the Stormwater Facilities in accordance with this Agreement, Grantee, after delivering not less than thirty (30) days’ prior written notice to Grantor (or such notice as may be reasonable in an emergency) specifying the nature of such failure to maintain or repair, shall have the right to conduct such maintenance, repair and replacement as required under this Agreement, and Grantee shall be entitled to recover from Grantor an amount equal to the Grantor’s share all reasonable out-of-pocket costs and expenses incurred in connection with the same, together with interest thereon at the maximum rate allowed by law commencing from the date which is thirty (30) days after the date that Grantee provides written request for such reimbursement to Grantor (together with appropriate documentation confirming all such expenses incurred in connection with such maintenance, repair or replacement of the Stormwater Facilities). Subject to resolution of all invoice-related disputes or challenges, if Grantor fails to make any payment due hereunder within thirty (30) days of the date when due, then such amount shall become delinquent, and in addition to bearing interest as provided herein and the cost of collection thereof, shall be secured by a continuing lien on the Grantor Property and improvements located thereon. Such lien shall be prior to all other liens hereinafter created except taxes or assessments levied by governmental authority and except as to the lien of any institutional first mortgage. The Grantee may bring an action at law for collection against the owner personally obligated to pay and/or to foreclose the lien against the Grantor Property and improvements, in

the same manner as foreclosure of a mortgage on real estate under Florida law, and there shall be added thereto the aforesaid interest, late charges, if any, costs of collection and court costs, and reasonable attorneys' and paralegals' fees and costs, including court costs and attorney's fees prior to trial and upon appeal, and the said costs of collection shall be recoverable whether or not suit be brought. The remedies of the Grantee hereunder shall be cumulative and in addition to all other rights and remedies which the Grantee may have by law.

7. No Public Rights Created. Nothing herein shall create or be construed to create any rights in and/or for the benefit of the general public in or to the Grantor Property or the Drainage Easement.

8. Insurance. In connection with its obligations to maintain, operate, repair, reconstruct and replace the Stormwater Facilities, Grantor shall obtain and maintain, or shall cause its contractor to obtain and maintain, insurance coverage in the following minimum amounts:

A. Commercial General Liability with limits of not less than \$1,000,000.00 per occurrence and \$2,000,000.00 in the aggregate. Such insurance shall include contractual liability, personal injury protection and completed operations coverage (including coverage for the indemnity clauses provided by contractor).

B. Commercial Automobile Liability covering owned, hired and non-owned vehicles with limits of \$1,000,000.00 combined single limit each occurrence.

C. Follow Form Excess liability (umbrella) insurance, with coverage as broad as or broader than the Underlying Commercial General Liability and Commercial Automobile Liability policies with limits of \$4,000,000.00 or greater.

D. Workers' compensation insurance covering all employees of the contractor who are engaged in any work under or on the Grantor Property in an amount required by applicable laws. Employer's Liability coverage with the following limits:

i. Bodily Injury by Accident (Each Accident) \$1,000,000.00

ii. Bodily Injury by Disease (Policy Limit) \$1,000,000.00

iii. Bodily Injury by Disease (Each Employee) \$1,000,000.00

E. Property insurance coverage for tools and equipment brought onto and/or used on the Grantor Property by the contractor in an amount equal to the replacement costs of all such tools and equipment.

The insurance described above shall be obtained without liability on the part of Grantee for premiums and the insurance described in items (A), (B), and (C) above shall include any parties specified by Grantee as additional insureds. Each of the above policies will be primary and non-contributory with respect to any policies carried by any additional insured. Any coverage carried by Grantee shall be excess insurance. Such insurance shall be placed with reputable insurance companies licensed or authorized to do business in the State of Florida and have a minimum Best's rating of A-/VII.

During the exercise of any self-help remedies set forth in Section 6 above, Grantee shall obtain and maintain, or shall cause its contractor to obtain and maintain, insurance coverage in the preceding minimum amounts and meeting the insurance requirements set forth above, for the benefit of Grantor (any parties

specified by Grantor as additional insureds). Satisfactory evidence of coverage shall be provided prior to entry onto the Grantor Property.

9. Use/Indemnification. Each of Grantor's and Grantee's use of the Drainage Easement granted herein shall be in compliance with all federal, state and local laws, regulations, ordinances and statutes. The Parties shall indemnify and hold harmless each other, together with their respective principals, shareholders, members, partners, officers, directors, employees, contractors and agents, from and against any and all liability, damages, causes of action, suits, claims, fines, penalties judgments, awards, expenses and costs (including but not limited to the reasonable fees and costs of attorneys and consultants, whether incurred before or at trial, at all appellate levels, in bankruptcy, and in any collection, dispute resolution or administrative proceeding) arising from, out of or occasioned by the acts or omissions of a Party in connection with the exercise of the easement rights granted hereunder, including, but not limited to, any and all suits, actions or claims of any character, type or description brought or made for or on account of any injuries or damages received or sustained by any person or persons or property. The foregoing indemnification obligation shall not apply to claims arising from the gross negligence or willful misconduct of the indemnified Party.

10. Default. In the event either Party shall default with respect to its obligations hereunder (except for Grantor's failure to maintain and repair the Stormwater Facilities, which failure is governed by Section 6 above), and such default is not cured within thirty (30) days after receipt of written notice from the other Party (or if such default cannot be cured within such thirty (30) day period, if the defaulting Party fails to commence to cure the default within such thirty (30) day period and thereafter to diligently proceed to cure the same as soon as reasonably practical, but in no event later than ninety (90) days after receipt of written notice), the non-defaulting Party shall have the right, but not the obligation, to perform such obligations on behalf of the defaulting Party. In such event, the defaulting Party shall pay on demand all costs and expenses incurred by the non-defaulting Party in curing the default. The failure of any Party, or its successors in interest or assigns, to enforce any covenant or restriction or provision hereof shall in no event be deemed a waiver of the right to do so thereafter.

11. Miscellaneous. In addition to the foregoing, terms, covenants and conditions, the Parties hereto hereby agree as follows with respect to this Agreement:

(i) Applicable Law; Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Florida. The Parties to this Agreement have participated fully in the negotiation and preparation hereof, and, accordingly, this Agreement and the terms set forth herein shall not be more strictly construed against any one of the Parties hereto. Venue for any action involving this Agreement shall lie only in Orange County, Florida. GRANTOR AND GRANTEE HEREBY EXPRESSLY WAIVE THE RESPECTIVE RIGHTS OF EACH TO A TRIAL BY JURY FOR ANY LITIGATION ARISING FROM THIS AGREEMENT.

(ii) Estoppel Certificates. Each Party shall, without charge and within twenty (20) days after any written request from another Party, certify in writing to any person specified in such request as to the existence, amendment and validity of this Agreement, the existence of any default or claim hereunder, and any other matter reasonably requested. Any such certificate may be relied upon by any Party requesting it and by any person to whom the same may be addressed. If an estoppel is not executed or objected to by any of the parties hereto within such time frame, the information therein shall be deemed approved and correct by such party.

(iii) Remedies/Attorney's Fees. The Parties hereto shall have all legal and equitable remedies available under the laws of the State of Florida in connection with enforcing the terms and conditions of this Agreement, including the right and remedy to specific performance of the terms and

conditions hereof or injunctive relief. The prevailing Party in any suit or proceeding to enforce the terms and conditions of this Agreement shall be entitled to recover its reasonable attorney's and paralegal fees and costs in connection with such suit or proceeding incurred before trial, in all trial and appellate proceedings and in bankruptcy proceedings from the non-prevailing Party.

(iv) Notices. Any notice to a Party required or permitted hereunder shall be delivered by hand delivery, express courier or certified mail, return receipt requested, shall be effective upon receipt and shall be delivered to each of such Parties at the address of such Party set forth below or at such other addresses as specified by written notice by such Party to the other Party in compliance with the terms of this paragraph.

(v) Modification and Amendment. This Agreement shall not be modified or amended in any respect or manner whatsoever except by a written agreement executed by or on behalf of the Parties hereto or their respective successors in title in the same manner as executed herein. Notwithstanding the foregoing, in the event Grantor conveys, assigns and transfers the Pond Easement Areas and the Stormwater Facilities and portions of the Grantor Property on which the foregoing are located (and Grantor's rights and obligations hereunder) to either a non-profit property owners' association or a Community Development District pursuant to Section 11(vi) below, thereafter only such association or Community Development District shall be required to execute such written modification or amendment as (and on behalf of) Grantor.

(vi) Binding Effect/Successors and Assigns. This Agreement and the easements, terms, conditions and covenants set forth herein shall be binding upon and inure to the benefit of Grantor and Grantee and their respective legal representatives, successors and assigns, and all subsidiaries and affiliates of such Parties, and shall run with the title to the Pond Easement Areas and other portions of the Grantor Property on which any other Stormwater Facilities are located and the Grantee Property. Notwithstanding the foregoing, Grantee acknowledges and agrees that Grantor may elect to convey, assign

and transfer the Pond Easement Areas and the Stormwater Facilities (and Grantor's rights and obligations hereunder) to either a non-profit property owners' association or a Community Development District; upon any such conveyance, assignment and transfer: (x) all of Grantor's rights and obligations hereunder shall be assumed by and transferred to such non-profit property owners' association or Community Development District; and (y) thereafter the original Grantor hereunder shall have no further obligations or liabilities hereunder and all the Grantor Property other than the Pond Easement Areas and other portions of the Grantor Property on which any other Stormwater Facilities are located shall be released from, and shall not be subject to, the terms and conditions of this Agreement. Notwithstanding anything in this Agreement to the contrary, Grantor and Grantee and their respective heirs, personal representatives, successors and assigns shall be liable only for obligations under this Agreement accruing during such Party's period of ownership, provided that the foregoing limitation shall not be deemed to require Grantor or Grantee to forgive or remove any existing liens recorded in accordance with this Agreement.

(vii) Severability. If any provision of this Agreement, the deletion of which would not adversely affect the receipt of any material benefit by any Party hereunder or substantially increase the burden of any Party hereto, shall be held to be invalid or unenforceable to any extent, the same shall not affect in any respect whatsoever the validity or enforceability of the remainder of this Agreement.

(viii) Further Assurances. In addition to the acts recited in this Agreement, Grantor and Grantee agree to perform or cause to be performed any and all further acts as may be reasonably necessary to complete the transactions contemplated hereby, including the execution and/or recordation of further instruments.

(ix) Waiver; Invalidity. Any failure to enforce any provision contained in this Agreement shall in no way be deemed a waiver of the right to do so thereafter. The invalidity, violation, abandonment or waiver of any one or more of any of the provisions hereof shall not affect or impair the remaining portions of this Agreement.

(x) Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original; further the signature of the parties hereto on this Agreement may be executed and notarized on separate pages, and when attached to this Agreement shall constitute one complete document.

(xi) Division of Property. If the Grantee Property or the Pond Easement Areas are hereafter divided into two or more parts by separation of ownership or lease, each portion of such property shall enjoy the benefits and be subject to the burdens, as applicable, of the rights, easements, obligations and restrictions created hereby.
